**Make sure each sentence is grammatically correct and is a full and comprehensible sentence.**

| 6SA structure   | FILL IN: YOUR sentence   | FILL IN: Word count of each sentence ( <b>max 20 words</b> ) |
|-----------------|--|--|
| #1 Introduction | Polarization on Reddit undermines its potential as a hub for debate, with 79% of users engaging in politically isolated communities.                     | <b>20</b>  |
| #2 Position     | Reddit should establish cross-community dialogues by incentivizing discussions between users from opposing subreddits through gamified interactions.     | <b>16</b>  |
| #3 Reason       | Research from Stanford shows that structured dialogues reduce polarization by 30%, fostering mutual understanding and reducing hostility.                | <b>17</b>  |
| #4 Challenge    | Critics argue incentivization might encourage performative rather than genuine engagement, weakening its impact.   | <b>13</b>  |
| #5 Rebuttal     | However, leveraging Reddit's robust moderation tools ensures quality discussions while rewarding constructive participation with karma-based incentives. | <b>16</b>  |
| #6 Conclusion   | Empowering Reddit as a platform for bridging divides positions it as a leader in innovation for digital democracy.                                       | <b>18</b>  |
